

IMAPP Residential MLS Statistics

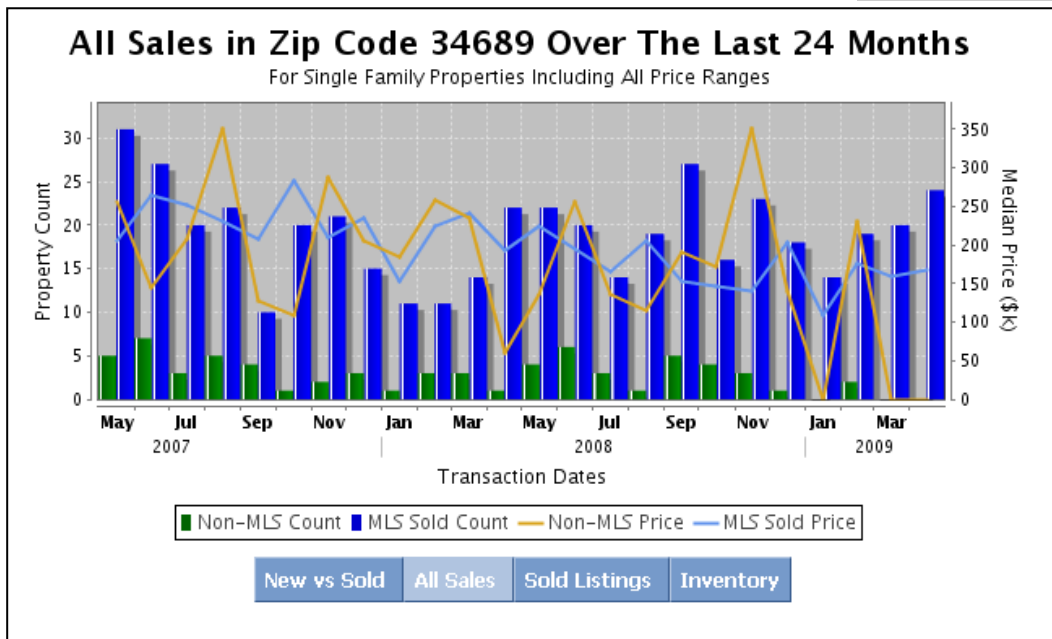

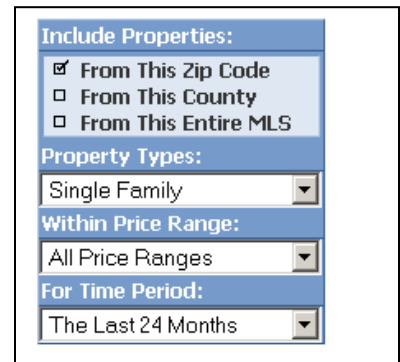

IMAPP introduces MLS Residential Statistics...

Providing Fast and Easy to View Reports that Detail Statistics, Charts and Graphs from the MLS and Tax Data

- **Located in the blue navigational menu on the Tax Record page**
- **4 Categories** – New vs. Old, All Sales, Sold Listings & Inventory

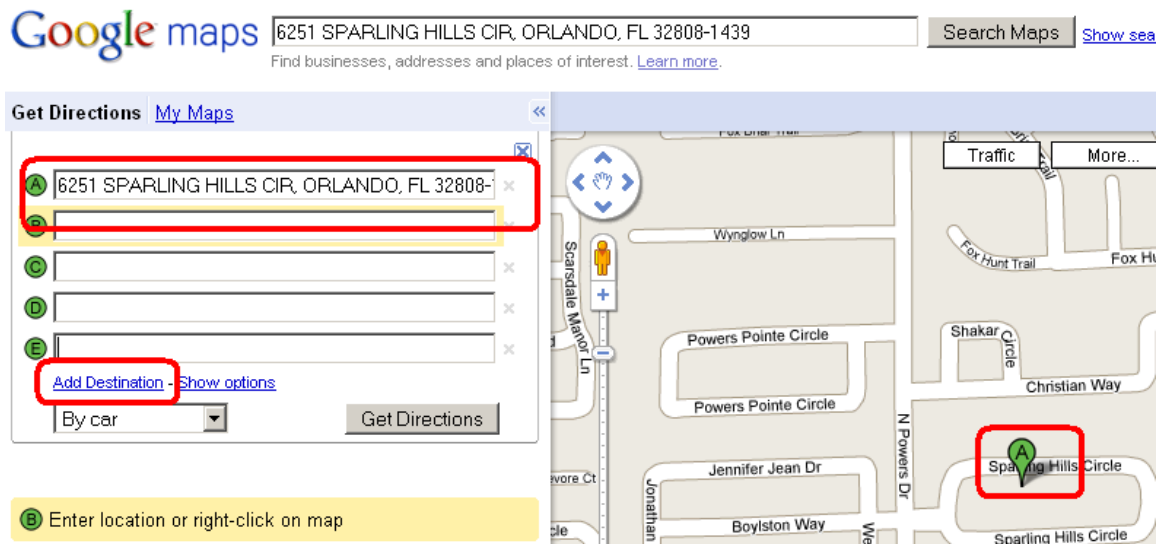

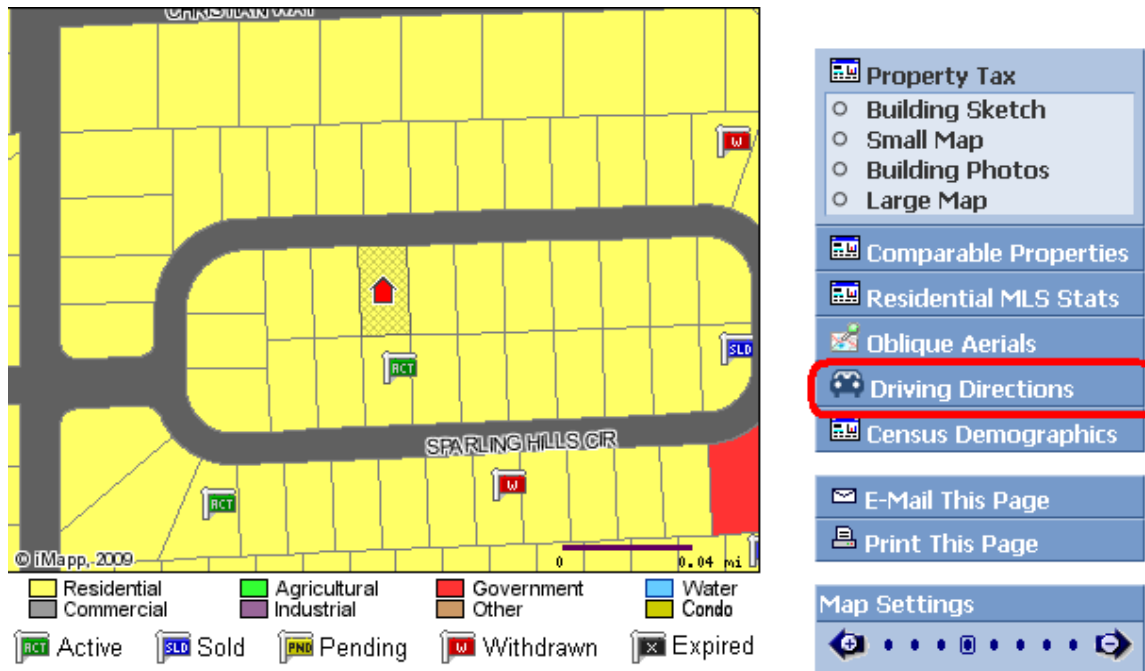

- **Includes MLS Data & Tax Data Statistics**
- **3 Property Areas** – Zip Code, County, or Entire MLS
- **3 Property Types** – Single Family, Condominiums & All Residential
- **Multiple Price Ranges**
- **4 Time Periods** – 6 months, 12 months, 18 months, & 24 months

Google Driving Directions in IMAPP

In addition to the Residential MLS Stats we will also be adding a link to Driving Directions that will be added to the tool bar located on the right side of the IMAPP page. The Driving Directions will link out to "Google" Directions and automatically fill in the address of the property that is being displayed and allow the user to add multiple destinations plotting their showings.
