

Dear GACAR Members,

We have provided a link to a Quality of Life Survey which I encourage you to complete. The results of this survey will be shared with the public and government officials. Your individual selections are anonymous. It is imperative that our results include a balanced view of our community. You may share this with anyone interested in completing it that has an interest in our local government.

Thank you for your participation!

Joyce B. Dorval

President, Gainesville Alachua County Association of Realtors
